Starting Point 2012

The Year-Round Walking Event Book

Starting Point 2012 features Year Round and Seasonal Events (YREs/SEs), which are events that are generally available any day of the year. There are some restrictions, most notably closures during holidays at some locations. Seasonal events, as the name suggests, are open during a limited time frame (less than 11 continuous months) usually due to weather conditions. **Fewer 2012 books have been ordered this year, supplies are limited.**
