

Starting Point 2012 **Clubs Only Order Form**

Ordering information for individuals will be posted on the AVA website, and in upcoming issues of *The American Wanderer*. Individual orders on this form cannot be honored. Please do NOT include other items on this order form.

Orders for 10 or more copies will be shipped directly from the publisher saving postage costs for the club, and providing an earlier delivery time. Shipping cost will be the actual amount billed from the publisher. Clubs will be invoiced for the shipping from the publisher separate from the cost of books. Clubs ordering less than 10 books may use this form, but books will be charged normal rates and be shipped from Headquarters.

The cost per book will remain \$20.00, with clubs receiving a 10% discount on the *Starting Point 2012* edition. Many Volkssporters across the country have asked for the *Starting Point* to be divided by region; in answer to these requests, the AVA has provided this edition formatted by region, states within the region, and then cities in alphabetical order. A handy index is included.
