EXECUTIVE COUNCIL AGENDA ITEM**

Introduction of Business

I move that:

The following sentence be added to Paragraph 4.07.II.B.1 and 4.07.II.B.2 of the AVA Policy Manual:

A sanction request is required for each route. Each route may have different distances or deviations to accommodate persons with special needs (e.g., to avoid stairs) and pets (e.g., to bypass pet prohibited areas), but separate routes require separate sanction requests.

Summary of Proposed Action:

This motion addresses a void in the AVA policy manual concerning offering multiple walk routes for a single sanctioned event; makes the policy clear for clubs and sanctioning authority, standardizing practices across the regions.
