

AMERICAN VOLKSSPORT ASSOCIATION
EXECUTIVE COUNCIL AGENDA ITEM

Introduction of Business

I move that:

AVA Policy Manual Appendix B - AVA Fee Schedule, be changed to add the following line below the *Year Round/Seasonal Walking Event Quarterly processing fee...\$5.:*

YRE/Seasonal After Action Quarterly report late fee\$10 per event report, not to exceed \$50 per quarter

And to add the words **Regular Event** before the words **late fee** in the line above *Year Round/Seasonal Walking Event Quarterly processing fee\$5.*

Summary of Proposed Action:

Currently the YRE/Seasonal After Action Quarterly report late fee is charged at the same rate as regular event report late fee. Clubs are being assessed a fee of \$10 per YRE/seasonal event report, per quarter for making a late report. Many clubs have multiple YRE/Seasonal events for the purpose of group walks in a club's community area. These group walks encourage new walkers and invite the local community to walk authentic volkssport events with the sponsoring club. Since most treasurers send these reports together, being late on YRE/Seasonal Quarterly reports can become very expensive for clubs. Adding a limit of \$50 per quarter is an adequate fee to encourage timeliness of these reports.
