

Directions: From Wadsworth: Take Wadsworth south past Chatfield State Park. Turn left on Waterton Road (just before the entrance to Lockheed Martin.) Continue on Waterton Road—crossing the South Platte River, until it ends at North Rampart Range Road (1.6 miles) Turn right (south) on North Rampart Range Road. Continue south past Roxborough Village and the Foothills Water Treatment Plant. (2.3 miles) At the intersection of North Rampart Range Road and Roxborough Park Road (just before the entrance to Arrowhead golf course), turn left onto Roxborough Park Road. Take the next right (about 50 yards away) to enter the park.

From Santa Fe: Head south on Santa Fe (Highway 85) to Titan Road. (4.2 miles south of C-470 intersection) Turn right (west) on Titan Road. Continue heading west on Titan Road. It will curve and begin to head south—becoming North Rampart Range Road (3 miles). Continue south on North Rampart Range Road past Roxborough Village and the Foothills Water Treatment Plant (3.5 miles). At the intersection of North Rampart Range Road and Roxborough Park Road, turn left onto Roxborough Park Road. Take the next right (about 50 yards away) to enter the park.

"B" AWARD EVENT

FEES:	"B" Award & Credit	\$ 4.00
	I VV Credit	\$ 3.00
	Walker Only	FREE
	Club Pin	\$3.00

ENTRY FEE IS REQUIRED FOR THE STATE PARK

WATER AND RESTROOMS: At the Start/Finish. You must **carry water**. Recommend sunscreen, sunglasses, wear trail shoes or hiking boots and perhaps a hiking staff. You will probably want a camera. On the South Rim Trail there is a bench with great views and a nice stop for a snack.

TRAIL & RATING: Rated 2+ on easy to moderate trails. Trail is on dirt and rock, rambling up and down hill through spectacular geological settings. It is a place of beauty, ecological diversity and serenity.

CONTACT: Claudia J. Johnston. 303 674-017 or
e-mail: cjj38@msn.com

This event is sanctioned by the American Volkssport Association (AVA) a member of the International Federation of Popular Sports (I VV) and is open to everyone.

Roxborough State Park History: More than 1.2 billion years of geologic time are represented by the spectacular red-rock formations found within Roxborough State Park, which is located southwest of Denver. Ecologically, the park is highly diverse as a result of its location in a transition zone between the plains and the mountains. The area's geological structure has resulted in microclimates that have produced seven distinct plant communities in a unique mixture of prairie and mountain species. As a result, Roxborough is home to abundant wildlife, including black bear, mountain lion and elk.

The park is known for its spectacular sightseeing, tranquil surroundings, fascinating trails and Visitor Center. This park offers hiking, cross-country skiing and excellent educational programs on Colorado history, geology and wildlife watching. Roxborough is a day-use park only and does not offer camping. Pets are not allowed at Roxborough.
