

# ESVA - Washington State Challenge: Walk Washington

The "Walk Washington" program starts with the **All Club Events** booklet. You will complete one event (walk, bike or other) for each of the 25 qualifying Washington clubs. To qualify, a club must sponsor at least one seasonal or year-round event. The All Club Events program runs 2008 through 2010.

The Walk Washington four-theme booklets consist of Art, Landscape, Towns, and Parks. Each booklet will allow you to collect stamps from events in four categories. The first booklet, Art, contains the categories Art Shows/Galleries, Statues, Fountains/Artwork, and Murals. You must do seven events that relate to each category and obtain stamps from each event to fill up your booklet. A completed booklet entitles you to a 5"x5" full-color patch in jewel tones. Earn all four patches to make a set of four!

## TIMEFRAME:

The first booklet, **ART**, will be available January 2009. Each booklet will last three years.

## RULES:

You may count any event that has an official AVA stamp. You must pay for credit and fill out a start card. In order for a walk to qualify for a category (such as Art Galleries) the sponsoring club must designate the event for that category in the Pathfinder, in their brochure, website, or at the event. A given event may only be stamped under one category, even if it is designated for several. If it is a YRE or seasonal, and you rewalk the event in a different period (once with and without the + sign), you may use the stamp for another category.

## COST:

Each booklet costs \$10. The award will be sent when you mail in the completed booklet. There are no re-funds.

## Landscape:

The second booklet will be available 2010 through 2012. The four categories are Mountains, Gorge, Farmland/Steppes, and Forests.

## Towns:

The third booklet will be available 2011 through 2013, and the four categories are Post Office, Fire Station, Clock Towers, and Bakeries.

## Parks:

The final booklet in the Walk Washington program will be available 2012 through 2014. The four categories are City, County, State, and Federal Park/Forest.
